HAL is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

L'archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d'enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.

A Corrigendum on

Opportunities for Innovation in Genetic Transformation of Forest Trees

by Nagle, M., Déjardin, A., Pilate, G., and Strauss, S. H. (2018). *Front. Plant Sci.* 9:1443.
doi: 10.3389/fpls.2018.01443

In the published article, there was an error in affiliations 1 and 2. The affiliations were switched for authors Annabelle Déjardin and Steven H. Strauss, who are respectively affiliated with BioForA, INRA, ONF, Orléans, France and Oregon State University, Corvallis, OR, United States. The authors apologize for this error and state that this does not change the scientific conclusions of the article in any way. The original article has been updated.

Conflict of Interest Statement: The authors declare that the research was conducted in the absence of any commercial or financial relationships that could be construed as a potential conflict of interest.
