## **Chapter 2: Specificity and technology of elaboration of traditional dairy and meat products**

Traditional sheep and goat milk processing technologies in the Mediterranean Basin: the case of the Jordan sheep cooperatives 119  
*P. Couenberg*

Pasture and cheese diversity in French Northern Alps 125  
*S. Buchin, B. Martin, & A. Hauwuy*

Effect of production systems on the sensory characteristics of Cantal cheeses: a plant-scale study 131  
*C. Agabriel, B. Martin, C. Sibra & J.-C. Bonnefoy*

Preparation and ripening of a traditional dry-sausage from nero Siciliano pig 137  
*C. Diaferia, A. D'Amico, G. Madonia, E. Manganelli, S. Margiotta, V. Pruiti, I. Valenti & M. Villardita*

### **Short papers**

Influence of altitude, forage quality and grazing-related effects on milk yield and milk quality of cows kept in the eastern Swiss Alps 145  
*F. Leiber, R.H. Razminowicz, S.J. Duleba, M. Kreuzer & H.-R. Wettstein*

Milk composition and cheesemaking properties of the milk obtained from some Italian bovine genetic types 149  
*D. Matassino, C.M.A. Barone, P. Colatruglio, D. Fornataro, M. Occidente & A. Zullo*

Colour characteristics of 'Caciocavallo' cheese obtained from some Italian bovine genetic types 153  
*P. Colatruglio, C.M.A. Barone, V. Carfagna, G. Gigante, M. Occidente, A. Zullo & D. Matassino*

Rheological characteristics of 'Caciocavallo' cheese obtained from some Italian bovine breeds and genetic types 157  
*A. Zullo, C.M.A. Barone, P. Colatruglio, M. Occidente, G. Potena, C.E. Rossetti & D. Matassino*

Colour of dry cured hams obtained from autochthonous genetic types of pig 161  
*D. Matassino, C.M.A. Barone, P. Colatruglio, M. Occidente & A. Zullo*

Preliminary results on some "typified traditional" products obtained from Casertana, a pig autochthonous genetic type 165  
*C.M.A. Barone, N. Castellano, P. Colatruglio, M. Occidente, A. Zullo & D. Matassino*

Sensory properties of Italian Istrian milk lamb meat 169  
*R. Valusso, L.A. Volpell, M. Morgante & E. Piasentier*

### **Chapter 3: Local breeds, traditional livestock farming systems and niche-based development strategies**

|                                                                                                                                                                                        |     |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| Small is beautiful... but how to remain small? A case-study about the Basque swine system and its related market chain<br><i>J. Arrayet, B. Montel &amp; J. Lossouarn</i>              | 177 |
| Traditional use of goat and goat products in the Guadeloupean society<br><i>G. Alexandre, S. Asselin de Beauville, E. Shitalou &amp; M.-F. Zebus</i>                                   | 183 |
