HAL is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

L'archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d'enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.

Overview of research objectives at INRA

Ensure competitiveness : productivity, quality, sustainability

Increase sheep farmer's profession attractiveness by reducing labour load and difficulty

Promote animals that are autonomous in their environment to simplify farmer's labour

Strengthen the ecological role of sheep systems to maintain open landscapes

Use small ruminant as model species
