HAL is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

L'archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d'enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.

Correction to: *Microbiome* 8, 103 (2020)

<https://doi.org/10.1186/s40168-020-00875-0>

Following publication of the original article [1], an error was identified in the affiliation of the 8th author, Luca Coccolin.

The incorrect affiliation is: European Food Information Council, Brussels, Belgium

The correct affiliation is: Department of Agricultural, Forest and Food Sciences, University of Turin, Italy

The affiliation has been updated in this correction article.
