Workshop #3

How to improve poultry and pig welfare in organic production systems?

Organizers: Anne Collin, Martina Re and Cristina Micheloni

INRAE, Université de Tours, BOA, France

AIAB, Italy

Scuola Superiore Sant'Anna (SSSA), Pisa, Italy

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 816172

Detailed programme:

- Keynote lecture by **Monique Bestman** (Louis Bolk Institute) and **Christine Leeb** (University of Natural Resources and Life Science Vienna)
“Challenges for pig and poultry organic production systems for improving welfare on a scientific and practical point of view”.
20 min
- Short presentation (**Anne Collin**, INRAE): “The multiactor PPILOW H2020 project: a participative approach to co-build innovations for welfare improvement in organic pig and poultry farms within the One welfare Concept” - 15 min
- Interactive demonstration of the functionalities of a welfare self-assessment tool for improving animal welfare on-farm in organic and outdoor systems (**Evelien Graat**, ILVO) - 15 min + 10 min interactions with the audience
- World Café moderated by **Cristina Micheloni**: What will be the impacts of the new regulations for advancing on animal welfare for pig and poultry organic systems and practitioners? The World café will involve one adviser (**Antoine Roinsard**, ITAB France) one pig farmer (**Jacopo Goracci**, Tenuta di Paganico farm, Italy) and one poultry farmer (**IJsbrand Snoeij**, t Paradijs farm, The Netherlands)
The World Café will include: a short presentation of the livestock farms by farmers; a short debate will follow, focussing on animal welfare limits and opportunities in the organic regulation. - 30 min
