Rossdales Equine Hospital,
Newmarket,
CB8 7NN

BOOK NOW

AT A GLANCE

- **CPD Hours:** 4 hours
- **Course Format:** In-Person Meeting

WHO IS THE COURSE FOR?

This course is suitable for all vets with an interest in reproduction.

ABOUT THE COURSE

This early evening meeting aims to provide a practical update on key areas of mare reproduction. Discussing evidence based methods to optimise fertility and improve conception, in addition to discussing the best approach to the use of progesterone in pregnancy.

Included in the programme is a lecture on human infertility, providing an interesting comparative aspect and the opportunity to gain insight into techniques and concepts currently used in human reproduction.

Well organised, good speakers which complemented each other. Also nice to catch up with colleagues from other practices.

KEY LEARNING OBJECTIVES

- Develop an understanding of the presumptive epigenetic link between broodmare management and foal health.
- Update your knowledge on which treatments can be used to improve conception in mares.
- Develop a practical and evidence based approach to the use of progesterone in pregnancy.

COURSE SPEAKERS

- **Course Organisers:** Catriona MacKenzie and Camilla Scott
- Suzannah Williams
- Camilla Scott
- Tom Stout
- Pascale Chavatte-Palmer

HOW TO BOOK

You can book this course online, simply hit the 'book now' button at the top of the page. If you would like to book on behalf of someone else, or would like to pay via invoice please contact us on +44 (0)1638 723 555 or email us.

Terms & Conditions

You will be required to sign that you are Covid symptom free on arrival at the venue

- If you book a place on a BEVA CPD course and are unable to attend due to any Covid-19 related issue you will receive a credit for the amount you paid. This credit can be used for any BEVA CPD and will be valid for a year from the date of issue. Please contact us as soon as possible if you are unable to attend a course.
- If BEVA are required to cancel or postpone a course for any reason, you can opt to receive a full refund or receive a credit for a future BEVA CPD course (valid for a year from the date of issue).

- A full refund will be made, less a 10% administration charge, if cancellation is more than 6 weeks before the start of the course
- A refund cannot be guaranteed if cancellation is less than 6 weeks before the start of the course. A refund will be made if BEVA can resell the place, less a 20% administration charge.
- Booked places can be transferred to another person free of charge. If the transferee is not a BEVA member they will be liable for the difference between the member and non-member rate.
- All delegates must have appropriate liability and professional indemnity insurance.
- Delegates must bring appropriate safety wear (coveralls, hard hats, boots etc) to courses involving practical sessions.
- BEVA may pass contact details of delegates to the organisers or sponsors of the course unless the delegate has specified otherwise.
- All delegates self-certify that they are a qualified veterinary surgeon or veterinary nurse and qualified to undertake the procedures being taught. Where the delegate is in training for such a qualification BEVA must be made aware of their training status at the time of booking.

By registering for this event, you accept the above terms and conditions.
