HAL is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

L'archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d'enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.

The purpose

- ⌘ What is the difference between a wine-drinker and a wine-lover ?

The wine-drinker

- ❧ The art of choosing wine
 - ❧ The extended quality enquiry on what are the reliable signals, information-sources etc...
 - ❧ The meta enquiry on reliability
- ❧ An expert in informations about quality
 - ❧ a reduced place for the taste

The wine-lover

☞ Opening the place of taste

- ☞ Increased intensity and surface of perception
- ☞ The meta enquiry : the taste question

☞ An expert in taste

- ☞ The reduced place of any information but MY taste

Conclusion

- ☞ Two different kinds of « experts »
 - ☞ The quality-enquiry
 - ☞ The « dé-gusta-tion », a taste-enquiry

- ☞ Why is the wine-lover seen as a snob ?
